Since its establishment in 1877, Fort Huachuca has been at the center of southwestern military history. The Huachuca Mountains at our shoulder have witnessed the arrival, in the high Arizona desert, of the columns of the U.S. Army in 1846 opening the trails to the California gold fields; the Soldier-scientists who followed in their wake to add to the bounty of knowledge; the brief collision of blue and gray clad Soldiers of a divided nation; the American Army that captured our Apache warriors like Cochise, Victorio and Geronimo; the Buffalo Soldiers who pursued Mexican desperados across our southwest border and those same Buffalo Soldiers who also trained two infantry divisions for fighting in World War II; the birth of electronic warfare; the coming together of a headquarters for U.S. Army Intelligence; and the training of UAS pilots to maintain situational awareness over the battlefield. Under the watch of the timeless Huachucas more than a century of change has swept the valley below. Progress has been made in uniforms, weapons, technology, tactics and doctrine. But as much as the story of Fort Huachuca is about this, it is also about those things which are as constant as Huachuca Peak on the horizon—the Soldiers’ values which form the bedrock for Huachuca heritage.

The history of Brown Parade Field is integral to the history of Fort Huachuca and The U.S. Army.

Like other military parade grounds, it is place where the echoes of yesterday grip the Soldiers of today. For more than one hundred twenty years, U.S. Army horse cavalymen have used this rectangle of grass for military ceremonies, drills and exercises.

The field itself is named after Brigadier General William C. Brown who commanded the post and the 10th Cavalry as Colonel from 1914 to 1916. It was his leadership during the 1916 Punitive Expedition that earned him his place in the Huachuca tradition of excellence.

Brigadier General Brown retired from Active Duty in December 1918 after forty-five years of service.

B-TROOP, 4th U.S. CAVALRY (MEMORIAL)

Mission – To preserve and promote the heritage and traditions of the United States Army Cavalry in the southwest during the period of the Indian Wars; to support official/non-official ceremonial functions, recruiting efforts, and community relations through appearances at social, cultural, civic, and other events throughout the southwest; and to advance the interests of U.S. Army military horsemanship of the 1880s and the history of Fort Huachuca.

Organization – The unit is officially established by regulation and funded by the Army. The unit has a zero-manpower authorization and relies on volunteers to fill its ranks. Members are drawn from Active Duty, Reserve, and Retired military personnel, Department of Defense civilians employed at Fort Huachuca, and military dependents 18 years of age. Members of the unit are uniformed, equipped, and armed in accordance with U.S. Cavalry standards of the 1880s. A Ladies Auxiliary supports B Troop, primarily by participating in parades riding sidesaddle and wearing period authentic clothing, and may assist with horse care and training. An artillery section known as K Battery also supports B Troop. These members do not ride, but operate the Troop's 1840 mountain howitzer at ceremonies and public events.

Schedule – B Troop participates in about 40 events a year. The types of events supported include military ceremonies, parades, historical reenactments, riding demonstrations, school visits, and other civic events. Most events take place on Fort Huachuca and in communities nearby. However, the unit may travel throughout Arizona and occasionally to other states for special events.

Training – Each recruit is required to meet standards of knowledge and riding proficiency before becoming a trooper or lady. The training program consists of three phases. During Phase 1, recruits learn basic stable management procedures and the fundamentals of military riding - balance, control, and the military seat. At the end of this phase students take a test on basic horse knowledge and a riding proficiency test. If successful, they will be assigned a horse for the remainder of training and will be required to care for the horse. In Phase 2, Troop recruits learn intermediate level military riding, to include mounted drill, weapons handling, and mounted charges, while Ladies Auxiliary recruits are learn sidesaddle riding techniques. Recruits take another test at the end of this phase. If successful, they become members of the Troop or Ladies Auxiliary. Troopers are issued uniforms and equipment to care for, and are permitted to participate in public events commensurate with their riding skill level. Troopers continue on with Phase 3 training, and are taught basic cavalry tactics, precision riding, and the use of weapons (saber, pistol and carbine) from the horse. Riders must maintain required proficiency standards to maintain their riding skill level and to participate in public events. Failure to maintain these standards may result in the rider being limited to certain types of events or being barred from event riding altogether until riding proficiency is regained.

Trooper Obligations – Troopers spend between 10 and 20 hours a week outside of duty hours fulfilling their obligations. Troopers are responsible for the proper care of their uniforms and equipment, as well as the care and training of their assigned mounts. Troopers must arrange for another qualified volunteer to care for their horse if they are unable. Troop muster is held on specified week nights from 1700 until about 2100. Troop commitments may occur during duty hours or on weekends. It is essential that a trooper's work supervisor be willing to give him time to attend most of these events and this commitment must be made in writing prior to the beginning of training. Troopers are expected to work with their horse at least three times per week to keep the horse exercised and conditioned. Troopers are also expected to resolve training issues with their horses, tend to their injuries, and make repairs to their pens and tack sheds as required.

U.S. ARMY

"The Army Goes Rolling Along"

Verse:

March along, sing our song, with the Army of the free.
Count the brave, count the true, who have fought to
victory.

We're the Army and proud of our name!

We're the Army and proudly proclaim:

First Chorus:

First to fight for the right,
And to build the Nation's might,
And the Army goes rolling along.
Proud of all we have done,
Fighting till the battle's won,
And the Army goes rolling along.

Refrain:

Then it's hi! hi! hey!
The Army's on its way.
Count off the cadence loud and strong;
For where'er we go,
You will always know
That the Army goes rolling along.

Thank you for attending!

*“One Team,
Team Huachuca!”*
